Everyone, is covered in black and blue  
Rough edges that once were smooth  
Impenetrable

Everyone, is different than me and you  
Drinking from a poison pool  
That doesn't run out

Did I have you just there?  
You're elusive as a feather falling  
Never once well-prepared  
I wish I knew what was going on upstairs

You're the one, who's aimlessly wandering  
Drifting where the wind swings  
Then staggering home  
And you're the one, who sold me your loaded heart  
Then asked me to hand it back  
So you could sell it for less

Did I have you just there?  
You're elusive as a feather falling  
Never once well-prepared  
I wish I knew what was going on upstairs

So turn on the lights  
I'm asking you to turn on the lights  
I'm pleading with you  
Let me see how far inside you go

Did I have you just there?  
You're elusive as a feather falling  
Never once well-prepared  
I wish I knew what was going on upstairs

Did I have you just there?  
You're elusive as a feather falling  
Never once well-prepared  
I wish I knew what was going on upstairs  
What's going on upstairs  
What's going on upstairs

So turn on the lights  
Or hide away and go
