She's like a melody of my favorite song  
Playing on the radio  
When it comes on I see your face, yeah  
Like I'm watching her on video  
And in my heart she owns a space  
That no one else can replace  
No matter how far (far)  
I wanna be where you are

She won't turn around and use you and leave a brotha  
out to dry  
She won't ever make excuses  
That's why we see eye to eye  
I love her cause she's focused  
And loves me how she's supposed  
What we share between us

She's all I got  
Mmmm, she is all I got  
Uhhh woahh  
Shheee eee is all I got  
Yeaahh  
She's all I got

When I'm feeling all alone I call her phone, to help me  
with the problems  
You can't tell me she ain't an angel cause she knows  
how to solve them  
And I gotta let u know that I'm proud you and there ain't  
no distance  
Between us two  
I know that god placed me here next to you (oohh)

Ohhh mmm  
She's all I've got  
Woahh ohhh ohh all I got  
All I got  
Yeah all I got

Type the love u don't need security for the perfect  
complication

She always gives me love, I don't ever have to ask for  
She knows the spot  
Ashamed I'm not  
To say a few things about you  
Your love is powerful  
And it changed my live  
And I owe it to you

She's all I got  
She's all I got  
She's all I got  
She's all I got  
She's everything  
She's all I got  
She's my world  
She's all I got  
She's all I got  
I don't have nothing if I don't have her  
She oohhh ohhh all I got  
Lalala lala mmm  
Nooo noo ohhh ohhh  
Nooo oohhh woahh  
She's all I gottt...
