Oh Oh Oh Oh Oh [x3]

[Verse 1:]

I'm trippin on baby  
She cute, she know she fly  
Caught me off guard how she step up in the light  
The way she built, you'd think you found a pot of gold  
Gotta make my way to her and stop wasting time  
And I don't know if I can control  
These emotions I'm building inside  
But I gotta be safe and play it cool  
Cause she throwing me proof  
I hate to spike at her the wrong way

[Bridge:]

When I seen her I just had to say something to make it  
official  
Right after, we should be together  
Cause it don't matter she a keeper  
I just had to say something to make it official  
We should be together

[Chorus:]

Tell me what I gotta do to make  
Make you my girl  
There ain't nothing in this world I won't do  
If you my girl  
Tell me what I gotta do to get you  
I'll do anything I can to have you  
I will do anything to have you under my wing  
Oh girl

[Verse 2:]

Just thinking bout baby  
Can't get her off my mind  
I can't knock her, cause she's one of a kind  
The way she smile, you'd think you found an angel  
Can't resist, I'm bout to lose my mind  
And I don't know if I can control  
These emotions I'm building inside  
But I gotta be safe and play it cool

Cause she throwing me proof

[Bridge:]

When I seen her I just had to say something to make it  
official  
Right after, we should be together  
Cause it don't matter she a keeper  
I just had to say something to make it official  
We should be together

[Chorus:]

Tell me what I gotta do to make  
Make you my girl

Just let me know, hit me on the phone shawty  
And we can go, where everything is right  
Introduce you to the life  
Rocks on ya finger
