Shawtay

Watchin ya body flow in the light

You puttin it down, down baby  
Down, down  
Can you tell me  
What the chance of leaving with me  
I must admit I like what I see  
Wan can get it poppin  
Are you down, down(tell me) down, down  
Let me know

[Bridge:]

Girl do ya thing make ya body roll  
The way you move, got me wanting more  
I gots to get you alone for a private dance  
Cause I love the way you shake it for me

[Chorus:]

She so exotic(she so exotic) hey  
And I love it when she do it for me(and I love it when

So tell me what you really wanna do  
Neither one of us has anything to lose  
In the morning, we can blame it on the goose

The way you move, got me wanting more  
I gots to get you alone for a private dance  
Cause I love the way you shake it for me

She so exotic(she so exotic) hey  
And I love it when she do it for me(and I love it when  
she do it for me)  
Her sexy body(her sexy body) yea  
And I love it when she do it for me(and I love it when  
she do it for me)

[Music]

[Chorus:]

She so exotic(she so exotic) hey
