When we're making love it's the best thing girl
We be super touching in the best way girl
Where you wanna go, we can fly away
I could be your super hero
Baby you've been, hoping that we here for somebody
To come and save us from all the hurt, the pain, all day
It's been running through your brain
Baby I want you to know that I'm here
Ain't no need for you to be scared
Cause when you call my name
I come save the day,
I just wanna be your hero

Now I may not be batman, may not be superman
But I got that super love, come and let me give you
some
Girl, I just wanna save your world, hey

Cause when we're making love it's the best thing girl
We be super touching in the best way girl
Where you wanna go, we can fly away
I could be your super hero

Oh, go ahead and close your eyes girl
I want you to enjoy the ride girl
Making love above the sky
I'll fly you straight to my world
No telling how long we'll be here
But I know we won't leave away
We're loving all night
We're kissing all day
Baby I can be your hero

Now I may not be batman, may not be superman
But I got that super love, come and let me give you
some
Girl, I just wanna save your world, hey

Cause when we're making love it's the best thing girl
We be super touching in the best way girl
Where you wanna go, we can fly away

I could be your super hero

Yeah, you ain't gotta look up in the sky
From the bird, on the plane
Girl I'm staying right here
And I'ma make a promise not to let you go, go

Cause when we're making love it's the best thing girl
We be super touching in the best way girl
Where you wanna go, we can fly away
I could be your super hero
Cause when we're making love it's the best thing girl
We be super touching in the best way girl
Where you wanna go, we can fly away
I could be your super hero
