[Verse 1:]

Breathtaking your making me so happy
When you kiss my lips tell me that you love only me (no
one else)
Over and over baby you're all I dream (you're all I
dream)
Let me show you what I mean

[Chorus:]

Baby, your love lifts me off the ground
So kiss me one more time and watch me
Float away
Float away
Cuz your loving makes me high I float away

[Verse 2:]

My love, when I think of you my head gets light (float
away)
And girl when you smile at me my heart takes flight
(float away)
Across the stars we meet there's no place I'd rather be
Than right here with you right next to me

[Chorus:]

Baby, your love lifts me off the ground
So kiss me one more time and watch me

Float away
Float away
Cuz your loving makes me high I float away Bridge:
No star is quite as bright
As the twinkle in your eye
Come fly with me tonight
We'll meet up in the sky
Baby love has wings, baby love has wings
For you and me, for you and me away

[Chorus:]

Baby, your love lifts me off the ground (off the ground)
So kiss me one more time and watch me (watch me
float away)
Float away Float away
Cuz your loving makes me high I float away

Baby, your love lifts me off the ground (off the ground)
So kiss me one more time and watch me (watch me)
Float away
Float away (float away)
Cuz you loving makes me high I float away
