You can call me when you want me
If you need a friend you got me
I'll be your everything
Fulfill your every dream
We can do it automatic
I can freak you with my gadget
I'll be your everything
You'll see I'm everything you want and more

I knew the moment that we met
I had to be inside of you
Someone you won't forget
So don't say that you don't feel it too
I've opened up my heart and soul
The rest is up to you

Girl, I'll be your superman
I'll do what no one can
You'll find that I'm the everything that you need
Deep down inside of you
No matter what you do
You'll see I'm everything you want and more

You can call me when you want me
If you need a friend you got me
I'll be your everything
Fulfill your every dream
We can do it automatic
I can freak you with my gadget
I'll be your everything
You'll see I'm everything you want and more

No sweat, 'cause help is on the way
Don't worry 'cause I'm watching you
No need to be afraid
Some how some way, I'll find out what's the deal
And I'll be there to rescue you
You'll see that I'm for real

Girl, I'll be your superman
I'll do what no one can
You'll find that I'm the everything that you need

Deep down inside of you
No matter what you do
You'll see I'm everything you want and more

You can call me when you want me
If you need a friend you got me
I'll be your everything
Fulfill your every dream
We can do it automatic
I can freak you with my gadget
I'll be your everything
You'll see I'm everything you want and more

I'll be your gadget, the one you call to make magic
Most rap stars live lavish
Got you a Benz for a carriage and even a rock
About 8 to 10 carats you almost forgot
When we both went to Paris, and you took shots
'Cause of you, look at all the drinks I got
Think back and look at all the minks you rocked
And I know you'll be impressed from the things
I got 'cause I'm gadget

You can call me when you want me
If you need a friend you got me
I'll be your everything
Fulfill your every dream
We can do it automatic
I can freak you with my gadget
I'll be your everything
You'll see I'm everything you want and more

You can call me when you want me
If you need a friend you got me
I'll be your everything
Fulfill your every dream
We can do it automatic
I can freak you with my gadget
I'll be your everything
You'll see I'm everything you want and more
And more
