She sits in the dark, no more words to say,  
Waiting for me to wipe her tears away  
But I'm too stubborn to see  
That the problem was me  
Can't admit that I'm wrong  
Now it seems to me that she's no longer here  
And the love is gone

It's over now I heard her say  
But I know I can't let my angel slip away  
Gonna swallow my pride and hold it inside  
'Cause I can't stand to see my baby cry

Take me back to the place where we first  
Met, making love under the sunset, remember  
Do you remember?  
Take me back to the place where we first met  
Vowed that our love we  
Won't forget, do you remember, remember?

I'm so sorry that things got out of hand  
Sometimes I act like a child instead of a man  
Remember that gleam in your eye, then I kissed  
Your lips on that special night seemed like the

World had stopped for a moment in time

It's over now I heard her say  
But I know I can't let my angel slip away  
Gonna swallow my pride and hold it inside  
'Cause I can't stand to see my baby cry

Take me back to the place where we first  
Met, making love under the sunset, remember  
Do you remember?  
Take me back to the place where we first met  
Vowed that our love we  
Won't forget, do you remember, remember?

Close your eyes and hold me 'cause I need you  
Please forgive me girl

Take me back to the place where we first  
Met, making love under the sunset, remember  
Do you remember?  
Take me back to the place where we first met  
Vowed that our love we  
Won't forget, do you remember, remember?
