[Verse 1:]

Only took a second to catch my eye
Dancin like ya knowin' that you're fly
Do I wanna step to ya I think might wanna move with
you tonight
You make me say you got me going and girl I need
(you you)
Out to the floor and dance with me (do do)
Do what you wanna do with me
Come one baby you know you gotta

[Chorus:]

Come show me how you move it drop
Because you're so fine baby just don't stop
I wanna get down wanna do my thing with you
All night you're so tight
I wanna jump, jump (jump jump jump)
I wanna clap, clap *[clapping]*
I know you want to so do I tonight
Cuz girl you're just so tight

[Verse 2:]

Babygirl the way you move around
Oh ya know it makes me think about
Me and you and getting down
Tell me how that sounds, you wanna get down
I gotta say that I really dig (you you)
Girl how you move and shakin it (do do)
Do you know what you're dealing with
All I know is I'm feeling it

[B Verse:]

Can't control it no more
Just can't hold it no more
I gotta get with you (I wanna get with you tonight)
So let the music make you
Come on and let me take you
Inside my groove
I know you want to
You gotta

[CHORUS:]

Come show me how you move it drop
Because you're so fine baby just don't stop
I wanna get down wanna do my thing with you
All night you're so tight
I wanna jump, jump (jump jump jump)
I wanna clap, clap *[clapping]*
I know you want to so do I tonight
Cuz girl you're just so tight

Oh, yeah
Whoa

[B Verse:]

Can't control it no more
Just can't hold it no more
I gotta get with you (I wanna get with you tonight)
So let the music make you
Come on and let me take you
Inside my groove
I know you want to
You gotta

[Chorus:]

Come show me how you move it drop
Because you're so fine baby just don't stop
I wanna get down wanna do my thing with you
All night you're so tight
I wanna jump, jump (jump jump jump)
I wanna clap, clap *[clapping]*
I know you want to so do I tonight
Cuz girl you're just so tight
Come show me how you move it drop
Because you're so fine baby just don't stop
I wanna get down wanna do my thing with you
All night you're so tight
I wanna jump, jump (jump jump jump)
I wanna clap, clap *[clapping]*
I know you want to so do I tonight
Cuz girl you're just so tight
Tight, yeah
