I'ma tear this mother up, like a pit that ain't ate shit  
I came to take shit, chain and duct tape shit  
I'm in the club, making mo'fuckers lay it down  
It's the Tite grown man, I don't play around  
Gun on my waist, at least two clips  
Who gon arms to his waist, so I can box too swift  
I'm down with drugs and thugs, Crips and Bloods  
Anybody in the ghetto, I can show 'em a thug  
I'ma start shit, with any nigga claiming hard shit  
Quick to light a nigga up, I'ma spark shit  
I'm from the ghetto, crack heads and sterile  
I'm like a soldier, so I keep heavy metal  
I spit it wreckless, thugged out from Texas  
I'm riding slab, mo'fuck a damn Lexus  
It's the Tite, ten hoes and the bitch made's  
Gun miss em, I'ma hit 'em with the switchblade
