For th love of Ivy
I will burn
For the love of Ivy
I will learn
For the love of Ivy
I will win
For the love of Ivy I'll sin
For the love of Ivy
I'll endure
For the love of Ivy
I'll be sure
For the love of Ivy
I will kill
For the love of Ivy
I will
Love in my blood
I would kill for love
Dark surrender willingly
I'll take the consequence with me
pulled the note from ur Black coat
and threw it in the fire
For the love of Ivy
I will burn
Stand over you without shame
For the love of Ivy
I will give
My love my pain my sin
