...Absence, by TJ Fulfer
to be performed on the Acoustic Sessions CD

The shallow years have fallen
Inflicted with the pain you have drawn in
My sight,
These eyes,
I fear,
Your cries-
They shatter the life, the lies.

I feel like I have been walled in
Convicted with the crime you have sought in
Your cries,
I fight,
I endure,
Your tries,
To uphold..this
..static feeling
of absence,
...You stole...
..My life..
...You stole...
..The trust,
The feeling of filled
Filling with the feeling
...of nothing,
Filling with your creation,
The devastation..This
..feeling of
.....absence.
