### "Breaking a Wall"

You don't need to pass over me  
Tell me: where's your sensibility?

Once again you're killin' your friends for your own  
survival  
When you do not need to pass over me  
Once again, I tell you, my "friends": I don't need a rival  
Trust me man, live only with your sensibility

So come on, break the wall  
Stop livin in a cage  
Break the wall  
Stop feeding your hate  
Break the wall  
And start living your own life

You don't need to pass over me  
Tell me: where's your sensibility?

You still live inside a black dimension  
I was born in a new generation  
(so break the wall and live in peace)  
So one day  
I hope you'll find a way  
To come home And never feel alone  
Hope you never live this way  
(And be happy for one day)

So come on, break the wall  
Stop livin in a cage  
Break the wall  
Stop feeding your hate  
Break the wall  
And start living your own life

Stop tryin, I'll never do it, man  
As long as you keep livin' with the gun in your hands  
I'll be out so far away from you  
So don't try to pull me down, it's something you  
won't do  
As long as live, I wanna believe

The love you'll get tomorrow is the love that you give  
But for so many times you don't know how to love your  
own life
