Could see, on saturday night
Your bitch cook breakfast
You should know cause you gon be there and shit

But if you gon be there, you need to call and let me

So I can get the fuck up outta there on saturday night
You know sayin?
I mean, I love that bitch, you like that bitch, I love that

Her head is like bad on saturday night
See what I'm sayin?
Saturday night head, is like best head in the world
On saturday night
