Unforgiven love
This is what you need
When you let me go
I said, how could this be
To think the love we had was so deceived with lies
All I can do now
I sit here, I cry

Thinking back on times
The way we used to be
Love was always true
Forever you and me
And now I'll get over you
And I promise I won't cry
You hurt me and just thought of you
And you left me here to die

Chorus:
Unforgiven love
And now I know that it's a part of me
Unforgiven love
Oh girl you're lying to me, say you love me
Unforgiven love
Oh, if you want to love just come to me
Unforgiven love
How could you say you love me if your love wasn't true

Unforgiven love, was it so true
How could you leave me girl
I don't know what to do

Two hearts together, just me and you
How did I know that you play me for a fool
My heart is aching
But the pain won't last
'Cause all the love I gave I leave in the past
And you will finally see
That my love was for real
You broke my heart and I trusted you
But your love wasn't the same

Chorus (1x)

Unforgiven love

Love.....

Unforgiven love (2x)

I can't explain why you're gone

You left me here to cry

And I know you found someone new

So girl don't even lie

Chorus (1x)

Unforgiven love

Love.....baby love

Unforgiven love (3x)
