[Verse #1]

So the hours run away  
You're getting smaller by the day  
But the shelters, they keep you away  
I hope you're ready for the breakaway

[Verse #2]

So don't succumb to mist and dust  
Because you know they misconstrue  
And the mind plays games to stay in frame  
As it put those locks on you  
When the lights come on, the chains come off  
And watch it start to flow  
I hope you're ready for the breakaway

[Chorus]

We're in the clear  
We're in the clear, yeah, yeah

[Instrumental]

We're in the clear  
Yeah...

[Instrumental]

[Verse #3]

So the hours, they run away  
But the shelters, they keep you away  
Now the hours, they run away  
Hope you're ready for the breakaway, yeah

[Chorus]

We're in the clear  
We're in the clear  
We're in the clear  
We're in the clear

[Instrumental]

[Repeat Verse #3]

So the hours, they run away  
But the shelters, they keep you away  
Now the hours, they run away  
Hope you're ready for the breakaway, yeah

[Chorus]

We're in the clear  
We're in the clear  
We're in the clear  
We're in the clear  
Yeah, yeah
