Mmm

Roxy, are you better than me
For leaving us behind
I've seen you drifting further from me
Just hold on to the light

Mmm
Mmm

Roxy, are you listening to me
You think that we are losing time
Cos I need what you're not giving to me
Before I'm satisfied, yeah, yeah

[Chorus]
So give me the rest
(The rest, the rest of you)
Give me the rest of you
(The rest, the rest of you)
Give me the rest
(The rest, the rest of you)
So give me the rest of you
(The rest, the rest of you)

See I'm sure that you don't see me no more
So tell me who has stolen your eye
It's clear that someone else is here
Just tell him that you are mine, whoa, whoa

[Chorus]
So give me the rest
(The rest, the rest of you)
Give me the rest of you
(The rest, the rest of you)
Give me the rest
(The rest, the rest of you)
Give me the rest of you
(The rest, the rest of you)

Roxy, how long has it been

I trust that you are doing well
It seems that he was better than me
So this is my farewell

[Chorus]

He got the rest
(The rest, the rest of you)
He got the rest of you
(The rest, the rest of you)
He got the rest
(The rest, the rest of you)
He got the rest of you
(The rest, the rest of you)

Give me the rest of you
(The rest, the rest of you)
Give me the rest of you
(The rest, the rest of you)
I want the rest of you
(The rest, the rest of you)
Give me the rest of you
(The rest, the rest of you)

Mmm
