"Fax Me"

Baby's got a fax machine
She's my pretty faxin' queen
She's faxin' me and I fax her
It's touchin' ain't got fax fervour
Fax "I need you!" everyday
Eight days a week, it's fine baby
You're faxin' thousand times more
You want faxin' more and more

Come on fax me, baby
Why don't you fax me, baby
Come on fax me, baby
You know I'm waiting for your fax
Fax me, fax me
Come on baby, fax me
Fax me, fax me
Night and day
Fax me, fax me
Come on baby, fax me
Fax me, fax me
Come on and fax me

Days you more she told me: Max
Oh! I'm waiting for your fax
I promised her that I'll be true
Said I don't wanna fax with you
'Cause you're not only faxin' queen
Gotta cure this fax machine
For every fax I'll get from you
Believe me, I will give you too
