Get your shit together little girl,
you cannot cry forever have you heard,
lovers like me we dont fall from no tree(uuh),
but you will find a substitute marie

Started out just fine and alright,
love was made, all through the night
but then came all the fussin and the fight,
oh babygirl you know this aint right
where have you been, what have you done,
a million questions every time i've been gone,
your not my mother my sister nor my friend,
so just face it we came to that end

Get your shit together little girl,
you cannot cry forever have you heard,
lovers like me we dont fall from no tree(uuh),
but you will find a substitute marie

For a long long long long time,
you shared my bed my books and my pride,
i wanna meet you again somehow
but not today not tomorrow but maybe in a while
So

Get your shit together little girl,
you cannot cry forever have you heard,
lovers like me we dont fall from no tree(uuh),
but you will find a substitute marie (eeh)

(guitar)

Se i love you for a long time but now i dont love you
nomore,
you better get your shit together.

(guitar)

Get your shit together little girl,
you cannot cry forever have you heard,
lovers like me we dont fall from no tree(uuh),
but you will find a substitute marie

For a long long long long time,
you shared my bed my books and my pride,
i wanna meet u again somehow
but not today not tomorrow but maybe in a while

So!

Get your shit together little girl,
you cannot cry forever have you heard,
lovers like me we dont fall from no tree(uuh),
but you will find a substitute marie(eeh)
