Hey sweet thing
you're so young and fine
see this diamond ring
on my hand
If you'd like the chance
to meet the King

Meet me in my Cadillac babe

I'm just a working man
but up there I'm the King
I've got the hairdo babe
I got the gemstone suit
and I kill em girl
when I start to sing

baby love me tender don't be cruel

So come with me
to Graceland girl
and we'll take a walk
in the Memphis spring
and if you'd like a chance
to meet the King
then meet me in my Cadillac babe

meet me in my Cadillac babe
