### "Are You Hungry?"

Are you hungry  
Are you thirsty  
Are you restless  
Have no purpose  
Want the answer  
To every question  
need to know now  
who's gonna save your soul

Feeling weary  
Heavy laden  
Hope that's faded  
Your life degraded  
There's an answer  
To every question  
need to know now  
Who's gonna save your soul

The Son of Man  
who walked on the water  
The Son of God  
who sits upon the throne  
He gave His life  
so you could be free  
He is the one  
who's gonna save your soul
