Interlude:

How can you believe?  
How can you not believe?  
How can you believe in a world without God?

Imagine there was no world  
No stars, no sky  
Imagine if you did not even exist

Verse 1:

There is a way to not fall prey  
To the Devil's deal  
Check out the truth to find the proof  
That God is real  
Beware the lies are right beside you  
To shift the truth so you fall behind  
God sent His Son to Earth  
To guide you  
You know you're always on His mind  
He exists  
He exists

Verse 2:

No-one knows the day dark shade of grey  
God's Son revealed  
The rest will say we should have prayed  
'Cause God is real  
Don't wait 'til then to find the answers  
The truth is now and here to find  
If you turn away and take the chances  
You'll be the one that's left behind

(He exists)  
For the message of the cross  
Is foolishness to those who are perishing  
But to us who are being saved  
It is the power of God

What's goin' on around this place?

Without a God there is no trace  
Of the life to live no human race  
X-Files said it's all from space  
Science said the world was flat  
And sailed west 'til they came back  
Now big bang is a matter of fact  
For those poor souls in faith they lack  
Confused and used and totally hacked  
Of vision, decisions but they'll come back  
To truth  
To God  
He exists  
He exists  
  
He exists  
He exists
