Where do all the planes go?  
Where do all the bombs go?  
Where does all the food go?  
There's riots in the jungle!

Who defines our freedom?  
Who pays for the money?  
We're dancing on the ashes,  
There's riots in the jungle!

The people who claim the truth they will say  
Fight the enemy!  
If you stand in the way, we'll find a reason to  
Lock up the enemy!  
If you poison our minds with your dirty business say  
Burn down the enemy!  
If we have enough cash, we won't make a fuss we'll just  
Buy the enemy!

Riots in the jungle!  
Riots in the jungle!

Where do all the kids go  
When they're dead and buried?  
Heaven high or hell below?  
There's riots in the jungle!

The monkeys are on strike cause leopard ate their  
bushbaby.  
The working ants refuse to pay to save the sloths  
economy.  
What really is violence? I don't mind a bleeding nose  
But I do mind all my children growing up in this world  
of yours.

The people who claim the truth they will say  
Fight the enemy!  
If you stand in the way we'll find a reason to  
Lock up the enemy!  
If you poison our minds with your dirty business say  
Burn down the enemy!

If we have enough cash we won't make a fuss we'll just  
Buy the enemy!

Riots in the jungle!  
Riots in the jungle!  
Riots in the jungle!  
Riots in the jungle!

Where do all the kids go  
When they're dead and buried?  
Heaven high or hell below?  
There's riots in the jungle!
