It keeps me awake
It keeps me awake
(All night)
It keeps me awake all night
It keeps me awake
(Awake)
It keeps me awake
It keeps me awake all night

How can I feel good about this life I'm living
When you're not here
Right beside me
Not here
Where you should be
Sometimes it feels like I might aswell just turn around
and give in
Cos you're not here
Where you should be
Not here
Right beside me x2

These lonely days
Turn to lonely nights
Everything's upside down
And I've lost the will to fight
You say you have to leave
And won't even tell me why
You took me hopes and dreams
And left me alone to cry

How can I feel good about this life I'm living
When you're not here
Right beside me
Not here
Where you should be
Sometimes it feels like I might aswell just turn around
and give in
Cos you're not here
Where you should be
Not here
Right beside me x2

I stare at the phone
Hoping that you might call
Wondering who you've been seeing and trying to make
sense of it all
They say that my heart will stronger ahead of me in a
few years
But right now thats hard to believe
As i lie in my empty bed drowning in tears

How can I feel good about this life I'm living
When you're not here
Right beside me
Not here
Where you should be
Sometimes it feels like I might aswell just turn around
and give in
Cos you're not here
Where you should be
Not here
Right beside me
