Use to seen black and white never any in between
Waiting all the love of my life to come into my dreams
Everything is shades of gray never any blues or green
Needing someone else to turn to someone
Who could help me learn and see all the beauty that
was waiting for me

You, you put the blue back in the sky, you put the
rainbow in my eyes
A silver lining in my prayer and now there's color
everywhere
You put the red back in the rose just when I needed it
the most
You came along to show you care and there's color
everywhere, everywhere

My life is so protect and bold never in a mystery
But ever since you shine the light all of that history
And now I have a hand to hold all the reasons to
believe, yes
If someone in my life was worth living for
I was hangin' around just wishing all is done
To put the happiness back in my heart

And you, you put the blue back in the sky, you put the
rainbow in my eyes
A silver lining in my prayer and now there's color
everywhere
You put the red back in the rose just when I needed it
the most
You came along to show you care and now theres color
everywhere
A silver lining in my prayer and now there's color
everywhere

Left those hazy days behind me never to return again
Now they're just a faded memory, oh oh
'Cuz baby it's all so clear to see
The beauty that is waiting there for me

You, you put the blue back in the sky, you put the
rainbow in my eyes

A silver lining in my prayer and now there's color
everywhere
You put the red back in the rose just when I needed it
the most
You came along to show me you care and now there's
color everywhere
A silver lining in my prayer and now there's color
everywhere
You came along to show me you care and now there's
color everywhere

Now I have a hand to hold
And a reason to believe
