One nation under God indivisible  
with liberty and justice for all

It was just the other day oh boy  
A kid had a gun instead of havin a toy  
And he didn't run from his brother  
Cuz he thought it was game  
And the ending is just the same  
You gotta get ourselves together boy  
I'm lookin for love and im lookin for joy  
I'm lookin for peace on the streets  
Can you count on your brother  
Can we make a reality  
When Marvin said "What's Goin' On" he said it  
right  
So we'll keep movin on we wont give up the fight

And it'll be ooh yea alright  
Cuz were the Young Americans  
Young Americans Young Americans we are the Young  
Americans  
Alright to be a Young American  
(yea yea, that's right, Young Americans, lets get it  
right this time...)

It was just the other day oh boy  
Tell me our lives were bein destroyed  
And there is no hope for the ghetto  
Cuz the leaders don't care  
And they're leavin us in despair  
Its come to me in a better way oh boy  
No time to be cruel nor time to be coy  
We all took a pledge to the flag  
And we count on each other  
Cuz each other is all we had  
When Marvin said "What's Goin' On" he said it  
right  
So we'll keep pressin on to make the future bright

Its gonna be alright  
Cuz were the Young Americans  
Young Americans Young Americans we are the Young

Americans  
Alright to be a Young American  
Together we'd stand  
(oh together...)  
Divided we'd fall  
(oh we'd fall, we'd fall...)  
But when we stand strong  
(when we'll stand strong...)  
We fight through it all  
(fight through it all...)  
Tomorrow is new for the red white and blue  
(Tomorrow is new...)  
So let's show them why  
Without a scythe (?)

Wake up wake up wake up  
Young America awake from the sleeping state  
Racism add fuel to the fire of hate (that's right...)  
Let's extinguish the flame with the waters of love  
Let peace spread like the wings of a dove  
The earth is dyin  
And our lives are slowly endin  
Open moves of despair  
Scar tissue you never mended  
So everybody join in the revolution  
Don't be caught in the problem  
Lets make a solution  
Unh clap your hands, clap your hands  
Young America clap your hands  
Young Americans, (We...) Young Americans (are  
the...)  
We are the Young Americans  
(Young Americans...)  
Alright oh so hold on  
Hold on just a little while longer  
(bout to hold on yall...)  
Hold on just a little while longer  
(one more time unh...)  
Hold on just a little while longer  
(two times two times...)  
Young Americans Young Americans we are the Young  
Americans  
(its gonna be...)  
It'll be alright hold on just a little while longer  
Young Americans Young Americans we are the Young  
Americans  
It'll be alright yea we're the Young Americans Young  
Americans Young Americans  
It's gonna be a bright day oh boy...
