Gonna make your move, if it's the last thing we do.
We'll set the mood; we're not the type you're used to.
Everybody's standing in the front except you, all alone
tonight.

You walk the halls with Friday night on your mind.
It's not too late but doubt is killing your smile.
Each passing guy is just a moment too shy
On and on again.

It's your time because tonight will soon be over.
Take that chance instead of standing in the corner.
Walk into the center of that room and
Shout: Hey, world, it's me! I don't care what you think!

Friday morning's here too fast, it's way over dramatic.
You say "I'm okay" but everybody knows that
She's just the girl who's only name is move it
Always in the way.

It's your time because tonight will soon be over.
Take that chance instead of standing in the corner.
Walk into the center of that room and
Shout: Hey, world, it's me! I don't care what you think!
Shout: Hey, world, it's me! I don't care what you think!

So, hey, you think it's too late for you,
For you to say: It's my time to shine, so get out of my
way.
We're never giving up, giving up. We're gonna dance
the night away.
We're not giving up, giving up. You're gonna have your
chance,
You'll have your chance someday.

Shout: Hey, world, it's me! I don't care what you think!
Shout: Hey, world, it's me!
Shout: Hey, world, it's me! I don't care what you think!
Shout: Hey, world, it's me!

It's your time because tonight will soon be over.

Take that chance instead of standing in the corner.
Walk into the center of that room.

It's your time because tonight will soon be over.
Take that chance instead of standing in the corner.
Walk into the center of that room and
Shout: Hey, world, it's me! I don't care what you think!
Shout: Hey, world, it's me!

Gonna make your move, if it's the last thing we do.
