You finally got me
I am you heart attack
hey beautiful deadly, I have seen you before

this crime is undone
shh, be still and I'll keep you always
trust me, you will not feel a thing

defuse the thrill to kill
refuse what you will
you fell in love with the chase
let me give it to you straight
I'm onto you
survive the way that you're made to
the conscience killer always gets away

the stage is set for the collapse
lets face the truth and stop pretending

you kill to prove you are one of us
but truth be told you are better than all of us

this crime is undone
shh, be still and I'll keep you always
trust me, you will not feel a thing

defuse the thrill to kill
refuse what you will
you fell in love with the chase
let me give it to you straight
I'm on to you
survive the way that you're made to
the conscience killer always gets away

defuse the thrill to kill
refuse what you will
you fell in love with the chase
let me give it to you straight
I'm on to you
survive the way that you're made to
the conscience killer always gets away

tied up, barely conscious
awaiting to see whats going down
instead of fighting you said you're on your own
its better that I go

I may be blinded
the change is proof we've grown
it follows me where i go
instead i'm looking back to where we met
I found the chance to live again
instead you'd rather see where we end
the conscience killer always gets away

if someone has to die they have to die
if its by my hand its by my hand
so be it so be it

defuse the thrill to kill
refuse what you will
you fell in love with the chase
let me give it to you straight
i'm on to you
survive the way that you're made to
the conscience killer always gets away

defuse the thrill to kill
refuse what you will
you fell in love with the chase
let me give it to you straight
i'm on to you
survive the way that you're made to
the conscience killer always gets away

so i guess this is goodbye
i will meet you on the other side
