lie to me  
I wont lie  
tape your mouth shut  
lie to me  
I wont lie  
swallow your tongue

forget it all I have you buried in my walls  
ill use your skin to cover up my scars

the place you lay in a bloody hall of fame  
the ropes that tied your hands right by your side  
the place you lay in a bloody hall of fame  
the ropes that tied your hands right by your side

so now your screaming at the top of your lungs  
hoping for someone to come  
hoping they'll bring a gun  
to inflict all the pain  
I caused upon you.

I wont die I will lie  
the only problem with the story carved on your chest  
is its hard to read when your missing your ribs

the place you lay in a bloody hall of fame  
the ropes that tied your hands right by your side  
the place you lay in a bloody hall of fame  
the ropes that tied your hands right by your side

so now your screaming at the top of your lungs  
hoping for someone to come  
hoping they'll bring a gun  
to inflict all the pain  
I caused upon you.

I wont die I will lie  
the only problem with the story carved on your chest  
is its hard to read when your missing your ribs

so now your screaming at the top of your lungs

hoping for someone to come  
hoping they'll bring a gun  
to inflict all the pain  
I caused upon you.

so now your screaming at the top of your lungs  
waiting for someone to come  
hoping they'll bring a gun  
to inflict all the pain  
I caused upon you

immerse me cut my throat  
if you want me skin deep you better act now
