Breathe  
Just breathe  
What are you waiting for?

Incisions forced; blood runs  
We're forced to believe it  
Don't you see it?  
You're being overthrown by ...

We are the knights  
Your nightmare arrives  
I don't think you know I don't think you know  
What has come for you  
Follow the lights  
They're burning so bright  
I don't think you know I don't think you know  
What has come for you

Breathe  
Just breathe  
Won't you walk through the door

Focus on all your instincts  
It brings you deeper to the meaning of what we've  
become  
Show your heart of stone

We are the knights  
Your nightmare arrives  
I don't think you know I don't think you know  
What has come for you  
Follow the lights  
They're burning so bright  
I don't think you know I don't think you know  
What has come for you

We subside  
Lost in your eyes  
You burn so bright
