

Skylit Drive, A "Too Little Too Late"

You crowd around me on the floor
Staring and observing,
Seeing what I'm fighting for
It's not in you, not like this

I'm only seconds away from giving in
And I'm running out of time
Now I'm running away to free my mind
My mind

It's so like you,
Indiscretion is all you can be
Screaming to see what is in between
I've been to hell and back,
The quiet never lasts
It's not like you to take a risk

I'm only seconds away from giving in
And I'm running out of time
Now I'm running away to free my mind
My mind

With only seconds to go
as we leave this world
With only seconds to go,
Corrupt the kill

We test a world that is broken
Don't give in
The time slips through our fingers
It slips away
We test the words that are spoken
Don't give in
The final hour will linger
Too little, too late

We test a world that is broken
Don't give in
The time slips through our fingers
It slips away
We test the words that are spoken

Don't give in
The final hour will linger
Too little, too fucking late

You're too late
The time we spent is frayed
Gone away

I'm only seconds away from giving in
And I'm running out of time
Now I'm running away to free my mind
My mind

With only seconds to go
As we leave this world
With only seconds to go,
Corrupt the kill

We test a world that is broken
Don't give in
The time slips through our fingers
It slips away
We test the words that are spoken
Don't give in
The final hour will linger
It slips away
