Won't you scream my name  
For the first time  
For the last time.  
As I lay down my life before you.  
The hiding place where I sought out your eyes.  
Screaming outwards to shoot me back in time.  
You sent me out in the right field  
Spilled my words and disguise  
We're starting a rise.  
Now it's so true I can't go on without you by my side  
Every night we die.  
Hold my breath just to see your ghost  
I hold it in my hand for you.  
For the first time For the last time.  
And I regret the moments I gave you  
Searching for my plans to devour you  
I finally found out the truth  
Now it's so true I can't go on without you by my side.  
Let go of the wires!
