I could be wrong, but I've seen your face before  
Not sure which side you're on, but be sure this is war  
Can you find me, can you find me, walking through the  
door?  
I'm making plans with you  
I'll be your downfall

We're on a mission, don't get in our way  
God is the leader, it doesn't matter what you say  
Lives that we save are worth any cost  
A right to life for all that agree with us

Infiltrate blasphemous strongholds  
Oh this is it, put 'em on death row  
You can't find me, you can't find me  
I'm right under your nose  
We won't be finished 'til we force the clinics closed

Oh no (Oh no), we've seen the writing on the wall  
The Lord has spoken  
Oh no (Oh no), we've seen the writing on the wall  
How can you stop us?

Infiltrate blasphemous strongholds  
Oh this is it, put 'em on death row  
You can't find me, you can't find me  
I'm right under your nose  
We won't be finished 'til we force the clinics closed

Oh no (Oh no), we've seen the writing on the wall  
The Lord has spoken  
Oh no (Oh no), we've seen the writing on the wall  
How can you stop us?

We will take back our communities  
From you perverted, homosexual, baby killing freaks!  
In the name of God and country and the right to bare  
arms  
By any means necessary, we'll fight for what is ours

We've had enough of this liberal facade

Destroy the nuts & hippies, the anarcho-commie  
squads  
Can you find us, can you find us, we're a moral  
majority  
We've even got leaders on your leftist run TV

Oh no (Oh no), we've seen the writing on the wall  
The Lord has spoken  
Oh no (Oh no), we've seen the writing on the wall  
How can you stop us?  
How can you stop  
How can you stop
