"Fever"

Lately I'm two feet off the ground
My world is spinning now you kissed me
I'm slightly dizzy / Baby I've waited for so long
And it feels so strong that right now i should lie down

I've been under for a week
Mumbling in my sleep
And this is not like me

[Chorus:]

Ooh, I've got a fever running high
And it feels nice
Ooh, if there's a cure for what I've got
Then I'm not taking my medicine
I'm just staying in
With you...

Lately I'm walking in a haze
Stumbling round in daydreams, feeling
In the deep end / Smiling but on the verge of tears
Silent but my ears are ringing
Skin is tingling

These could be symptoms of a crush
But honestly they must
Be symptoms of us

[Chorus:]

Ooh, I've got a fever running high
And it feels nice
Ooh, if there's a cure for what I've got
Then I'm not taking my medicine
I'm just staying in
With you...

And I've been under for a week
Mumbling in my sleep
And I'm liking how it feels

[Chorus:]

Ooh, I've got a fever running high

And it feels nice
Ooh, if there's a cure for what I've got
Then I'm not taking my medicine
I'm just staying in
With you...
