Such a pleasant surprise  
I didn't know you're back in town  
Strange how two years down the line  
It feels like you always were around

Ooh, you have this effect on me  
And this is the last thing I need

[Chorus:]  
Damn you  
For still being so cute  
I wasn't gonna kiss you  
Then you turn up in that suit  
And damn you  
For liking me this much  
I'm trying to play it cool but  
Being round you drives me nuts  
And I just hate you right now

I really shouldn't have more wine  
Feels like we're already out of line  
And now it's getting sort of late  
Well maybe one glass for old times sake

Ooh, it's somehow the same each time  
We're such trouble you and I

[Chorus:]  
Damn you  
For still being so cute  
I wasn't gonna kiss you  
Then you turn up in that suit  
And damn you  
For liking me this much  
I'm trying to play it cool but  
Being round you drives me nuts  
And I just hate you right now

I'm not going back, I've sworn  
Well maybe just once more

[Chorus:]  
Damn you  
For still being so cute  
I wasn't gonna kiss you  
Then you turn up in that suit  
And damn you  
For liking me this much  
I'm trying to play it cool but  
Being round you drives me nuts  
And I just hate you right now
