They're writing songs of everything, but no one writes
for me
It's a tragedy how my true love is made of dreams,
romantic made-up scenes
Of what's meant to be
So I write a lot of poems, I save them in a drawer
Is there anything in life that you would die for

[Chorus:]

Write me a lovesong, sing me a lullaby
I've waited for so long, don't you think it's time
Write me a lovesong, sing me a lullaby and I will fall so
easy
at least for a while

I don't mind smiling friends who say you're wrong in
every way
Such a long lost case
That love is wasted on the ones who settle for a hunch
It's just make believe
But I'd like the strings to play, a hummingbird should
sing
And to really get me off I need this one thing

[Chorus:]

Write me a lovesong, sing me a lullaby
I've waited for so long, don't you think it's time
Write me a lovesong, sing me a lullaby and I will fall so
easy
At least for a while

So I write a lot of poems , I save them in a drawer
If there's anything in life that you would die for

[Chorus:]

Write me a lovesong, sing me a lullaby
I've waited for so long, don't you think it's time
Write me a lovesong, sing me a lullaby and I will fall so
easy
At least for a while
