I, I did survive
But I don't feel alive
Not a day goes by

I, I did pull through
But I'm not over you
Not a day goes by

[Chorus:]
Without missing you
And the love I knew
It's always on my mind
Cause within your kiss
Laid my happiness
And not a day goes by

I am just a ghost
Haunting them shadows
Not a day goes by

[Chorus:]
Without missing you
And the love I knew
It's always on my mind
Cause within your kiss
Laid my happiness
And not a day goes by

Constantly you're on my mind
Not a day goes by

[Chorus:]
Without missing you
And the love I knew
It's always on my mind
Cause within your kiss
Laid my happiness
And not a day goes by
