"Rome"

I'm walking all of the ways to Rome
I'm looking for words to say
You'll go away

And I can feel that you're down today
And all along we thought you'd never let me go
I'm drowning, you're so lovely today
You know my everything
Is that it
I know you too well

[Chorus:]
Rome in your eyes
This is home aha
With you
This is home

I'm walking all of the ways to Rome
I'm trying to find my home
You hold my hand
I'd let go, but I don't think I can
And now I have to start over with someone new
And try to forget how crushed I am
You'll go away
I guess that is it
I know you too well

[Chorus:]
Rome in your eyes
This is home aha
With you
You hold Rome in your eyes
This is home

I wanna turn my heart into stone
This moment will soon be gone
I'll be alone

And still all ways will lead to Rome
The world is still the world and so I guess I'll find
A way to live on with this broken heart of mine

But everywhere I go
I'll miss this
You'll always hold my

[Chorus:]
Rome in your eyes
This is home aha
With you
You hold Rome in your eyes
This is home aha
With you
This is home
