Look around

What's going on?

Hatred & fear

Violence & anger mounting daily

People running, afraid of the dark

Put down

Talked at

Spit on

I've had enough

Shut up

I'll fucking kill you

Stand up

Slapped down

Ripped off

What are you going to do?

I'm sick of hearing that

There is nothing we can do

I'm sick of hearing nothing

Ever change

What we change changes

What we do gets done

The time seems like forever till

You're there, then it's done

We are running out of time

The problems of this world

Are not going to go away

The problems of this world

Are not going to go away

The time to make the change is now
