Over time in a humble place
Circumstances make things clear
Another sign of all the wars and rage
All the burdens we all feel (yeah)

When I'm burning down inside
Will you be there
To open up my eyes again
All my choices wrong or right
Will you be there
Will you be there

When I'm a witness to things I can't control
Will you find a way that's clear
From the darkness of all the yesterdays
They carry on and find me here
When I'm tired of holding on
Will you be there
When all my reasons' gone away
When the feelings turn to stone
Will you be there
Will you be there

I need to know
The answer, do tell
I'll turn and dream of what you mean
And fall around your hands
When I've got to get home
Will you be there
You'll be there

When I'm burning down inside
Will you be there
To open up my eyes again
All my choices wrong or right
Will you be there
Will you be there

When I'm tired of holding on
Will you be there
All my reasons gone

When my feelings turn to stone
Will you be there
Will you be there
