"Bye Bye little monkey"

Sad boy with a baseball bat
In knife station
Bye bye little monkey
Sad girl sniffing glue
In knife station
Bye bye little monkey

She thought her dream could come true
In knife station
Bye bye little monkey
He got shot before he turned 18
In knife station
Bye bye little monkey

Look in to your eyes for eternal age
Into knife station
Bye bye little monkey
I saw the son you have was swept to the ground
In knife station
Bye bye little monkey

I buy a boat and sail the seven seas
Away knife station
Bye bye little monkey
This is the last you will see of me
In knife station
Bye bye little monkey
