If you ever liked me say it 'cause it's here again
If you ever doubted me I promise it won't happen again
Stop pounding my heart you wrecking my chest
Take a deep breath I am opening my black heart
Watch me standing on her door step tumbling

Oh I know I lie for love
Oh I know I lie for love

Shivering my hands remember this is not about you
Stop shivering hands remember how I wept you
Be still on my knees don't stretch out my arms
Please be kind on me I'm on to the front line
Watch me standing on her door step tumbling

Oh I know I lie for love
Oh I know I lie for love

Stop pounding my heart you wrecking my chest
Take a deep breath I am opening my black heart
Watch me standing on her door step tumbling

Oh I know I lie for love
Oh I know I lie for love
