You try to hard to entertain  
We turn you off and vegetate  
You preach the path of years gone by  
We blow you off those dusty lies

Archaic words hitting high-tech ears  
Such different minds, indifferent tears  
You wonder why we dissociate  
When you shove such crap into our face

[Chorus]  
So why should I believe (not fit, not fit for me)  
In a system built by you?  
It's not fit for me

To you, so weird, the clothes we were  
Our decorated skin and spray paint hair  
You yell and scream, insult and bruise  
You can't conform, only confuse

[Chorus]

Caught inside this tangled web  
Rejected like the drone  
With insufficient coping skills  
Empty efforts falling down (falling down, falling further  
to the ground)

It's obsolete, this moral ground  
The hollow plan is too far gone  
Still you push, you waste our time  
In such futile exercise

[Chorus]

Not fit for me  
Not fit for me  
It's not fit for me

You try to hard to entertain  
We turn you off and vegetate

You preach the path of years gone by  
We blow you off those dusty lies
