I have always been a little shy
I've always been the quiet type till now
And I never let my feelings show
I never let anybody know
Just how much I was so deep in love
But now that you're in my arms

Chorus

I'm gonna stand on a rooftop
Climb up a mountaintop
Baby, scream and shout
I wanna sing it on the radio and
Show it on a video
Baby, leave no doubt
I want the whole world to know just what I'm all about
I love to love you out loud

You keep bringing out the free in me
What you do to my heart just makes me melt
And I, I don't think I can resist
But I've never been one to kiss and tell
A love this true can't be subdued
So I'm gonna let out a yell

Chorus

I'm gonna stand on a rooftop
Climb up a mountaintop
Baby, scream and shout
I wanna sing it on the radio and
Show it on a video
Baby, leave no doubt
I want the whole world to know just what I'm all about
I love to love you out loud

Bridge

Baby, I want the whole world to see
Just how good your love looks on me

Chorus

I'm gonna stand on a rooftop
Climb up a mountaintop

Baby, scream and shout
I wanna sing it on the radio and
Show it on a video
Baby, leave no doubt
I want the whole world to know (world to know)
just what I'm all about
I love to love you out loud

Baby, I love to love you out loud
Yeah, I love to love you out loud
