It comes out of nowhere  
You always catch me by surprise  
3 am and dreaming  
Pull the covers from my eyes  
Speak too soft dear  
Because you're acting like I've gone  
I am still here  
But it's been weeks since we've been one

Do you wanna be happy, try over again?  
Could it be that bad, two years love then friends?  
We give up, we give in, we make heartache a sin  
Can we please forgive before we begin?  
Do you wanna be lonely, say nothing again?  
Could it be that bad, could we ever be friends?  
Call you up, let you in, radio playing Jin  
But you let me down again

You can't see the better or brighter anymore  
Another letter with words I can ignore  
And there's pictures I can soon take down  
They'd rather fall I'm sure by now  
End this call I'd rather sleep  
Like last fall you will need me

I don't wanna make mistakes tonight

Do you wanna be happy, try over again?  
Could it be that bad, two years love then friends?  
We give up, we give in, we make heartache a sin.  
Can we please forgive before we begin?  
Do you wanna be lonely, say nothing again?  
Could it be that bad, could we ever be friends?  
Call you up, let you in, radio playing Jin  
But you let me down again

Do you wanna be happy, try over again?  
Could it be that bad, two years love then friends?  
Call you up, let you in, radio playing Jin  
But you let me down again

I don't wanna make mistakes tonight  
But as always you're giving up on every try  
I don't wanna make mistakes tonight  
But as always I'm giving up on every try

I don't wanna make mistakes tonight  
And you'll see, I'm giving up on our last try
