If I am just a swinging man
from side to side the best I can
It's something I know
you would understand
Cause the rain is yours
and I should know
There's never dryness down below
and nothing gets holy in your hands

But don't step down
cause it's you crown
Make me feel that this time
it's really for real

You really like your darkness love
romantic when it rains above
and no road
can never take me there
Change directions
like the rivers wind
never stop and look behind
It's no surprise
I'm never even there

But don't step down
cause it's you crown
Make me feel that this time
it's really for real

I just want to be here
Cause your world is so sincere
And I won't take of my shades
if the sunlight won't fade
If there's no way to see clear
what is real and what is fear
I just want to be here
and there's just one thing I say...

I am just a singing boy
Tonight I wanna be your toy
Tonight I wanna be your little toy,

Oh, tonight
