Old man where have you been?
can't you see that i've grown a bit cold?
pulling tricks like illusionists
tucked my existence in the black of your soul
this is gonna catch up to you in the end

i'm not waiting
so it's time i finally cut the cord

if this breaks your heart then i'll feel better
if these words could stop your breath forever
soon you'll have no one
that's why this will break your heart and i'll feel better
this is gonna catch up to you in the end

when it falls apart...

old man are you listening?
do you think i'll be taking you in?
when you're fragile and brittle bone
do you think i'll be taking you in?
this is gonna catch up to you in the end

i'm not waiting
so it's time i finally cut the cord

if this breaks your heart then i'll feel better
if these words could stop your breath forever
soon you'll have no one
that's why this will break your heart and i'll feel better
this is gonna catch up to you in the end

when it falls apart...
who will be there?
who will be there?
when it falls apart...
who will be there?
who will be there?

if this breaks your heart then i'll feel better
if these words could stop your breath forever

soon you'll have no one
that's why this will break your heart and i'll feel better
this is gonna catch up to you in the end
