

Sleeping, The "Get You Back"

I see you sitting there cold, all alone, depressive tones.
That's why I gotta get back where you're from.
I gotta get back where you're from.

Shaken soul, fallen thrown, vulnerable.
So now I gotta back where you're from.
Yeah, I gotta get back where you're from.

I want to get you back
I want to get you back
I want to get you back but I don't know how.
I want to get you back
I want to get you back
I want to get you back but I don't know how.

I was lost, cut and bound, losing ground,
That's why I gotta get back where you're from.
Yeah I gotta get back where you're from.
Now I'm sewn, flesh and bone, missing and home.
That's why I gotta get back when you're down.
I don't care anymore.

I want to get you back
I want to get you back
I want to get you back but I don't know how.
I want to get you back
I want to get you back
I want to get you back but I don't know how.

I don't want another; I'm over "grin and bear."
I don't want another, I gotta keep you around.
Yeah, I gotta keep you around.
That's why I wanna get back where you're from.

I want to get you back
I want to get you back
I want to get you back but I don't know how.
I want to get you back
I want to get you back
I want to get you back but I don't know how.
