We've been begging for a better place  
frantically shaking in disgrace  
we're all viciously fighting in every state  
but now i'm leaving

we're all begging for a different way  
violently shaking from our mistakes  
still nobody's fighting to make a change  
so now i'm leaving

time's almost up  
i know  
we're all running faster  
running faster

we've been begging for a better place  
frantically shaking in disgrace  
we're all viciously fighting in every state  
but now i'm leaving

we're all begging for a different way  
violently shaking from our mistakes  
still nobody's fighting to make a change  
so now i'm leaving  
falling back  
falling back without a hold  
ashamed to say we're falling back  
falling back without a hold

time's almost up  
i know  
begging  
shaking  
fighting  
leaving
