Now this patience is making me,
More determined and ready,
On every verse that I'm spitting,

You a girl I'm the opposite,
That don't mean I'm misogynist,

Head up in space,
This cheddar I'm chasin has got me so ahead of the

So let me finish,
And no use tryna stop me from winnin

Some say I should not,
Some jump on the wagon when others say I should

You got opinions I know it I've heard them all,
But home I got the last call, got to deal with,
Some saying I should,
Some say I should not,
Some jump on the wagon when others say I should

Every step is towards the end of it to the brink,

Trying to fuck, with these people cause they jealous of

I've decided that in my life it's a crime if they judging

Trust me, you won't be budging me,
Had enough so I'm done with these,
Little fucks they just submarines,
cause I let them sink under me,
this,

Living so above it though,
Only spitting lava flow, hotter than the oven door,
You won't see it coming when I'm coming with a

But its cause I aint got the patience to get in the face of

saying that I can't write,
A line because I'm white
In time I'll show this light skinned rhymer's got the mic,
cause he decided to fight,
Knew in his mind it was right, but
